

MMS2018 - Delegate Member Biography Form

First Name	Sergio	Last Name	Moya
Title/Position	Group Leader	Affiliation	CIC biomaGUNE
Address	Paseo Miramón 182 C	City	San Sebastian
Postal Code	20014	Country	Spain
Phone	+34 943005311	Email	smoya@cicbiomagune.es

Biography	Photo
<p>Dr. S.E. Moya did undergraduate studies in Chemistry at the Universidad Nacional del Sur, Bahía Blanca, Argentina. His PhD thesis in Physical Chemistry was undertaken at the University of Potsdam, working at the Max Planck Institute of Colloids and Interfaces in Germany. He held post-doctoral positions at the University of Leipzig, Germany, the Collège de France, Paris, in the group of Jean Marie Lehn, and at the Nanotechnology Centre at the University of Cambridge, UK. Afterwards, he worked as an independent research scientist at the Centro de Investigacion en Química Aplicada (CIQA) in México. Currently, he is a group leader in the Centro de Investigación Cooperativa en Biomateriales (CIC biomaGUNE) in San Sebastian, Basque Country. He has published 160 articles related to biomaterials, nanofabrication, physical chemistry, self-assembly, bio and non-bio interactions, and soft matter. He has also coordinated several European and international projects.</p>
